Are you a woman who does too much and forgets to take time to focus on you? Join our distinguished panel members to **discover how they take action to thrive. They'll share ways to gain support and leverage their creativity, communicate effectively and problem-solve to positively influence others at home and at work.**

You'll have the opportunity to participate in small and large groups, hear different views, beliefs and experiences as we **explore deeper ways of acting and being.** You'll leave having made new connections while **gaining a deeper appreciation and understanding of how to think in new ways to create your action plan to thrive.** Together we can build upon our similarities and **celebrate our unique distinctions** as we each **create our own new story.**
